## ABOUT

Front-end developer skilled in React, JavaScript, Typescript and Tailwind CSS with experience building responsive web applications and real-world projects. Strong problem-solving skills with interest in full-stack development and scalable user-focused applications.

## EDUCATION

### Civil engineering

Adama Science and Technology University

Sep 2024 – Jun 2030

Ethiopia ASTU

## SKILLS

### Technologies

- React, HTML, CSS3, JavaScript, Typescript, Tailwind CSS

### Soft Skills

- Time Management
- Problem Solving

### Tools

- **Tools:** Git, Github, Vs Code

## CERTIFICATES

- Udacity 🔗

## LANGUAGES

### English

Proficient

### Arabic

Conversational

### Amharic

Native

## PROJECTS

### Lost and found App 🔗

- Built a campus-based lost and found web app using React, TypeScript, and Vite
- Implemented authentication, dashboards, and item status tracking
- Designed responsive UI with reusable components and state management

### Personal profile manager 🔗

- Built a personal profile management web app using React for viewing and updating user profile information
- Created reusable components to ensure a scalable and maintainable code structure
- Implemented client-side routing and navigation using React Router

### Bloom care 🔗

- Built a modern healthcare web application using React, TypeScript, and Tailwind CSS to help users find nearby pharmacies and check medicine availability
- Developed a responsive UI with reusable components and client-side routing using React Router
- Integrated EmailJS to enable contact form messaging functionality
