Summary

Full-stack web developer and online instructor skilled in the MERN stack, TypeScript, Tailwind CSS and Git. Experienced as an Upwork freelancer delivering client-focused solutions and as an online teacher translating complex concepts into clear learning outcomes. Strong time-management, fast learner, and working knowledge of PostgreSQL; eager to contribute to product-focused teams building scalable webapplications

Experience

Elevate skill.plc Erhiopia
Front-end Teacher
Taached and guided my students from scratch HTML to building therebown portfolios using React.js and mentored them to build a project as a team

Projects

Kemer shopping ecommerce website
I built this project for my friend to manage his stock,orders and grow his business using MERN stack and tailwind CSS

Lost-and-found
I built this website for my university to solve the issue of the items that are lost and to retrieve them in a simple way using MERN stack

ASTUMSJ Bootcamp management system
I built this for my Bootcamp admins so that they can manage the Bootcamp efficiently from registration interview,teaching attendance etc upto graduating them and alumni page in landing page using MERN stack
